Dr. Andolsen in Dry Creek Valley Vineyard.

“The 2012 Cabernet Sauvignon Andolsen Vineyard is outstanding. Notes of graphite, charcoal, blackcurrants and incense are found in this full-bodied, ripe Cabernet along with silky tannins, and a lush, fleshy mouthfeel. Drink now – 2030.”

Robert Parker, Jr., *Wine Advocate*, Dec. 2014

2012 ANDOLSEN VINEYARD CABERNET SAUVIGNON *Dry Creek Valley | Sonoma County*

WINEMAKER NOTES

We buy these grapes from Dr. Andolsen, our long-time friend and family doctor. The steep, terraced vineyard is located in Dry Creek’s western foothills and the wine it makes offers an elegant, yet ripe, rich cherry characteristic that we always associate with this appellation. Adam and I blend in a small amount of Cabernet Franc adding structure and subtle, complimentary herbal characteristics.
